

Efficient boluses for dairy cows and cattle

CaliBol®

Fast release calcium bolus reduces the risk of milk fever. CaliBol® releases 40 grams of easily absorbable calcium within 25 minutes in the rumen.

EnergyBol™
Energy rich bolus with magnesium and calcium propionate preventing ketosis

FosiBol™
Phosphorus bolus in prevention of downer cow syndrome and milk fever

NutriBol™ Bovine
Trace element bolus with selenium for grazing cattle

NutriBol™ Dry
Slow release trace element bolus for dry cows
