

# YoghurLac®

ESG focused product

## We will develop and contribute to more life

On the basis of knowledge, actions and circular products we want to develop and contribute to more life. This will be done through solutions that provide value for our customers combined with a genuine sustainable production and respect for our employees.

PERFECT SOLUTIONS

# YoghurLac<sup>®</sup> for more life

## Environmental

- Lifesaving supplement with natural feed product to improve gut health in weak piglets.
- High-energy and acidified powder product with dextrose and milk protein.
- Natural flavouring compounds with antioxidative properties providing protection against oxidative stress.
- Lactic acid bacteria which can reduce growth of undesirable microorganisms aiming to reduce the reliance on antibiotics (*SDG 3: Good health and well-being*).
- Citric acid increase palatability and utilisation of the feed and do also reduce bacterial growth in the gastrointestinal tract.
- Improves feed conversion and performance.
- Circular ingredients utilize leftover products from other production processes.
- Sustainable production practices with no waste, and a commitment to using packaging made of recycled materials or packaging that is recyclable. 100% GMO-free product (*SDG 12: Responsible consumption and production*).

## Social

- Complies with high standards, is GMP+ certified, and against deforestation (*SDG 15: Life on Land*).
- Innovative approach to enhance functional products for agriculture.
- Functional nutrition contributes to a more efficient and sustainable agriculture.
- Improves the utilization of nutrients and minimizes feed consumption for production livestock.
- Contributes to increased productivity, addressing the global challenge of supplying food to a growing population (*SDG 2: Zero Hunger*).
- Provides value for customers while ensuring sustainable production practices.

## Governance

- Protects labour rights and promotes a safe and healthy working environment (*SDG B: Decent work and economic growth*).
- Aims to be an attractive workplace where employees thrive and find job satisfaction.
- Aims to create a diverse workforce in terms of gender and nationality (*SDG 5: Gender equality*).
- Operates in local contexts within a global market.
- Emphasizes R2 Agro's cultural values:
  1. Professionalism
  2. Leadership
  3. Focus on people
  4. Freedom with responsibility.

## Specialists in feed and functional nutrition

We specialise in feed and functional nutrition. We develop and sell products that provide value for our customers by contributing towards more efficient and thus sustainable agriculture. We want to develop and sell natural circular products and aim to be an attractive workplace where our employees thrive.
