

A good gut feeling with functional feed

Egusin[®] 250

**Supports optimal performance
in horses and foals**

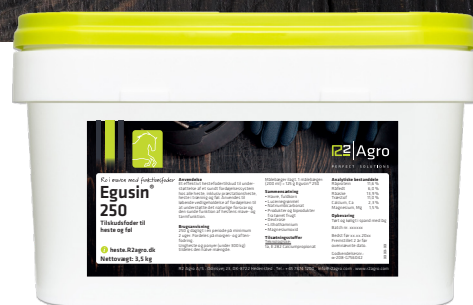

R2 | Agro

PERFECT SOLUTIONS

Through innovative approach, knowledge and safety R2 Agro develop and improve functional feed products for professional and passionate horse owners who aim at perfection – with a good gut feeling.

Egusin® 250 is a feed supplement for the support of a healthy digestive system in horses, including performance horses, horses in training and foals. Egusin® 250 is used for digestive support, particularly in stress periods, in order to maintain the natural defence and healthy gastrointestinal functions.

Egusin® 250 contains

- Dietary fibres, which stabilize the function of the stomach and colon
- Pectines, which protect against gastric acid
- Alkaline buffer that neutralizes stomach acid and optimizes pH
- Fibre-rich whole grain oatmeal, which contributes to a well-functioning gastrointestinal tract

Benefits and effects

- Developed to promote a balanced stomach environment
- Can be used during periods of planned intensive activity and anticipated stress
- Contributes to the balance in the stomach environment and optimizes pH
- Supports the normal function of the gastrointestinal tract

Application

250 g daily for minimum 2 weeks. Divided into the morning and evening feed. Young horses and ponies up to 300 kg are administered 50% of the above recommended quantity.

Measuring cup included. 1 measuring cup: (200 ml) = 125 g Egusin® 250

Consumption

125 gram – 250 gram daily.

Packaging

- Buckets of 3.5 kg

3 steps to a healthy stomach, regardless of the level of performance
